

## Family Marriage History & Understanding of Holy Matrimony Form

The following questions are here to help the priest or deacon who is working with you as a couple to be better prepared to make a life-long commitment in the sacrament of Holy Matrimony. A family's history can color our understanding of marriage, so by knowing this history, we hope to be able to better form you through marriage prep. These questions are of a personal nature, but please don't imagine that by honestly answering these questions we mean to prejudice a priest or deacon who is preparing you. These answers will help us to better understand where you are coming from in your own understanding of marriage. These questions should be answered individually and by both the future bride and groom.
